THANKSGIVING IN OHIO.—It will be seen by the proclamation of Gov. Medill, in this paper, that a day of thanksgiving has been appointed. This is most eminently becoming, and we hope the day will be observed with due decorum throughout the State. While other nations have been visited with war, pestilence and famine, with all their desolating ravages, a beneficent Creator is showering undeserved blessings upon our land and nation. Peace and plenty reign throughout our borders.

A PLEASANT CURE.—One of the most remarkable medicines, and very pleasant to palate, is the Pectoral Syrup, prepared by Dr. Geo. H. Keyser, Wholesale Druggist, of Pittsburgh, Pa. Dr. K. was formerly a practicing physician in Bedford County, where he used the Pectoral for four years in a practice of considerable extent, and with great success. The Pittsburgh papers speak of him and his medicine in high terms. If you have a cough or cold, or a consumptive habit, go to Hening & Melvin's and buy a bottle.

NOW IS THE TIME TO SUBSCRIBE.—As an additional inducement to subscribers, we will send the True American, and one copy of Godley's Lady's Book, for one year, to any person remitting us \$4.00. The regular price of Godley is \$3.00.

Alexander Crile, charged with passing a counterfeit five dollar bank note, is now under arrest and being tried before Mayor Patterson.

Attention is directed to the change in the time table of the Steubenville and Indiana Rail Road, as contained in the advertising column of this day's paper.

Any of our citizens who may be traveling to Washington, Pa., will find it greatly to their comfort, if they can make it convenient to stop with Mr. Davis, five miles from Washington, on the road leading to West Middletown. Mr. D. keeps an excellent house, and his bills are reasonable.

The Presidential question is already, says the Cincinnati Gazette, being discussed among the Democrats. The persons named are Mr. Pierce, Mr. Buchanan, Mr. Dallas, Mr. Hunter of Virginia, Mr. Douglas, Mr. Bright of Indiana, and Messrs. Powell and Boyd of Kentucky. The Democratic National Convention meets in this city next June. In the outset the two prominent candidates will probably be Pierce and Buchanan, neither of whom will probably be able to get a two-thirds vote, and the Convention will settle down upon some 'compromise candidate' selected before-hand by the Virginia delegation, who will probably name Mr. Hunter or Mr. Douglas. The ensuing session of Congress will develop matters more clearly.

They Don't Seem to Mind It. The Albany Argus, in referring to the expulsion of John Van Buren from the democratic party by the Cabinet organ at Washington, says:—

"Every day, after the King of Tartary has set down to his repast and eaten copiously of horse-flesh and drank freely of mare's milk, he orders his herald to proclaim, through portentous ox-horns, to the North, the South, the East, and the West, that, 'Whereas, he, the Brother of the Sun and Father of the Moon, has dined, the monarchs of the world are now permitted to sit down and eat.' There is but one parallel to the consecration of the Tartar chief. The common scold of the Washington Union—the very cream of Tartars in acidity and shrewishness—assumes to read John Van Buren out of the democratic party. It takes up its ox horn and blows it sonorously to the southward, pronouncing that Mr. Van Buren shall not sit down to the board with the democracy of New York till it gets through at Washington. The proclamation will be heeded about as much as that of the horse-dining monarch from his tents on the steppes of Asia, who regulates the law of international comity with quite as much authority as the Union does that of politics in these States."

MARRIED.—On the 6th inst., in Steubenville, by Mr. James Melvin Esq., Mr. BENNET HUTTON and Mrs. ANN SALTMAN, all of Jefferson county Ohio.

## Latest from Norfolk.

We learn from the Norfolk papers of Monday, that there were five deaths in that city on Friday, two on Saturday, and two on Sunday, but only one of the latter of fever. There were also three new cases on Saturday, among those recently returned. On Friday night the city was visited by a severe storm of rain and wind, but on Saturday the weather was warm, the thermometer being about 80. On Monday, however, it was rainy and disagreeable. Mr. J. Perry, who had been ill of fever near Fort Norfolk, was recovering. The Norfolk Herald says:

That the epidemic is still lingering with us, though in a mitigated form, it is not to be doubted. Cases of fever are of daily occurrence; and indeed the diseases ordinarily incident to the season scarcely develop themselves now, and it is a hard contest between them sometimes which shall get mastery. We have no data at present to ascertain accurately the amount of sickness in the city, but we fear there is quite enough to excite apprehensions for the safety of those who come in from abroad. Among the new cases we may mention that of a daughter of Mr. J. Odenbuhl, who, since the epidemic broke out, has been living a few miles from the city. A few days ago she came in to town for some clothes and other necessities, and though she remained but a short time, took the fever and now lies very low.

The weather has for several days been warm. To-day it is very cloudy, rainy, and humid. The stay of the refugees, will necessarily be protracted until cold weather, which we may not have for a week or two.

Three churches were opened for service yesterday. I noticed in one of them, that nearly all the ladies present were in deep mourning, and every gentleman present that I recognized as a member (numbering five or six) had lost his wife by the fever, and several of them other near relatives.

Hastily, F. A letter in the Petersburg Express, dated Portsmouth, Oct. 22, says:

Bob Butt informed me this morning, that he buried five persons yesterday; and this morning he was in service for four others to be buried to-day.

We had a heavy rain last night, but the sun is out to-day with great heat, and I would advise our people not to come home until there is a solid change in the weather.

Proclamation. In pursuance of an usage, established and sustained by the usual recommendation of the General Assembly, through a long series of years, and which usage has always found a sanction and cheerful acquiescence in the hearts of a grateful people, I, William Medill, Governor of the State of Ohio, do by these presents, appoint and set apart Thursday, the Twenty-Second Day of November next, to be observed as a day of Thanksgiving to Almighty God, for the manifold blessings of the year which is about to close.

While war, with all its attendant evils, has been convulsing the nations of the old world, and pestilence has been performing its work of death among a portion of our own brethren in the South, the people of Ohio have been graciously exempted from the desolating consequences of either.

The laws of the State have been duly respected; the national Union, in all its integrity and force, has been preserved; the fields of the husbandman have yielded an unusual abundance; and industry in all its channels, has been appropriately rewarded.

In view of these evidences of Divine goodness, I most earnestly recommend that the good people of Ohio suspend and lay aside all business upon and during the day aforesaid assemble at their usual places of worship, and return their heart felt thanks to Almighty God, the Author of these and all other blessings we enjoy, and offer up their prayers for a continuance of the same.

Given under my hand and the Great Seal of the State of Ohio, at the city of Columbus, this twenty second day of October, A. D. 1855, and in the eighth year of the independence of the United States. WILLIAM MEDILL, [L.S.] By the Governor: WILLIAM TRIVITT, Sec'y of State.

We learn from the Wheeling Intelligencer that the first rail of the Hempfield railroad was laid last week at the Depot grounds, corner of Fifth and Zane streets. The ceremonies were appropriately directed and performed, in the presence of a large and enthusiastic crowd, by W. C. Smith, Esq., the chief acting engineer, Mr. Bender, division engineer and Mr. Wm. Otterson, contractor.

The laying of the track being thus commenced, it will be pushed forward with all possible diligence.

THE GREATEST MEDICAL DISCOVERY OF THE AGE. DR. KENNEDY, of Roxbury has discovered in one of our COMMON PASTURE WEEDS a remedy that cures EVERY KIND OF HUMOR, from the worst scrofula down to a common pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humors.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of pimples on the face. Two bottles will cure the system of filth.

Two bottles are warranted to cure the worst cancer in the mouth and stomach. Three to five bottles are warranted to cure the worst case of Erysipelas. One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running of the ears and blotches on the hair. Four to six bottles are warranted to cure corns and all kinds of skin eruptions. One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ringworm. Two or three bottles are warranted to cure the most dangerous case of rheumatism. Three to four bottles are warranted to cure the salt rheum. Five to eight bottles will cure the worst case of scrofula.

A bottle is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humors. I never sold a bottle of it but it took another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentifully, yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humors.

In order to give some idea of the sudden rise and great popularity of this medicine, I will state that in April, 1851, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicine was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful cures have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy it is to have such a simple and so wonderful a remedy—there are a few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. From the various diseases of the Liver, sick headache, Dyspepsia, indigestion, fever and ague, pain in the sides, diseases of the spine, and particularly in diseases of the Kidneys, etc., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you get, and enough of it. Manufactured by DONALD KENNEDY, No. 120, Warren St. Roxbury, Mass. Price \$1.00.

## PITTSBURGH ADVERTISEMENTS.

I am prepared to recommend your Pills. WILL CO. III., Feb. 25, '54. Mr. R. E. SELLERS.—When I resided in Pittsburgh, I was cured of an attack of Liver complaint, which had preyed upon my system for eight years, and reduced me so much that I was compelled to quit work.

During the time of my suffering, I had the advice of several physicians, but their treatment failed to accomplish a cure. A friend recommended the use of your Liver Pills, and after using two boxes of them I found myself entirely cured. Whilst suffering from Liver Complaint, I was also afflicted with the Piles, which I never felt afterwards. As my wife and eldest son are now very much afflicted with a deranged state of the Liver, I am very anxious to have you make an agency for the sale of your Liver Pills at this place.

After the cure of my own disease, I am prepared to recommend your Pills, and very many persons in this section would freely try them if they had a chance.
